## EXPERIENCE

### Project: "Yet Another Killing Game" (YAKG)

*Creator, Narrative Designer, Team Leader, and multiple other roles*

January 2024 – January 2025

- Assembled and led a remote team for a self-started story-rich indie game, now released on Steam with a "Very Positive" rating and **70+ positive reviews**.
- Organized a 10-month **production pipeline** for 10+ team members with Google Sheets to maintain consistent monthly deliverables for art, audio, and music.
- Authored **10,000+ lines of dialogue** and 10+ **original Python scripts** as the lead writer and programmer.

### This Game Studio

*Game Designer*

October 2022 – October 2023

- Collaborated with creative leads to introduce **new lore to the existing IP** of a top-selling F2P merge-3 mobile game.
- Designed 10+ new features to improve quality of life and **monetization**, and presented them via Google Slides, Canva, draw.io **flowcharts**, and more.
- Authored 100s of game text and dialogue for a **custom Unity system**.
- **Led localization processes** and improvements to support game development across all departments, including in external companies.

### Virtro Entertainment

*Narrative Designer*

July 2020 – March 2022

- Designed branching storylines and **narrative systems** to be developed in Unity for a multilinear VR series pilot backed by the Canada Media Fund.
- Researched and wrote **1000s of dialogue lines** for a proprietary AI conversation engine used in education, training, and interview simulations.
